Welcome to Circle of Life Women's Center. Thank you for trusting us with your health care. We understand the demands placed on women in today's fast paced society. In order to keep up, women need to take care of themselves. It is important to find a facility that is not only comfortable but offers care with state of the art equipment. Our philosophy is "***Tenderness with Technology***".

We are staffed by six Board Certified Obstetricians/Gynecologists, three Certified Nurse Midwives, and a Certified Family Nurse Practitioner. While each of our providers strives to be available to their patients as needed, please be aware there may be times when you will need to see one of our other providers. All of our exam rooms are equipped with a state of the art ultrasound machine to ensure the highest quality of care. We encourage you to look at our website, www.colwc.com, for additional clinic and health information.

While waiting for your appointment, you may enjoy reading, surfing the Internet, or watching television. For your convenience, our clinic offers extended evening hours Monday through Thursday. Due to the nature of our practice, there can be daily situations that require schedule changes and/or a delay in your appointment time. Because our providers can be called out for a delivery at a moment's notice, please be prepared for a wait.

***Please fill out the enclosed forms in either blue or black ink and bring them with you to your appointment along with your insurance card(s), a picture ID, and your insurance copay. Also please write down the name, strength, and dosage of all medications you are taking and bring this list in with you. This will help with the registration and check-in process. In order to keep accurate records, we require paperwork to be updated at least twice a year for all of our patients. Please arrive 15 minutes early for your appointment.**

Your appointment is on _____ at _____ am/pm with _____.
