*Welcome* to Circle of Life Women’s Center. ***Congratulations on your pregnancy.*** Thank you for trusting us with your health care. We understand the demands placed on women in today’s fast paced society. In order to keep up, women need to take care of themselves. It is important to find a facility that is not only comfortable but also offers care with state of the art equipment. Our philosophy is “***Tenderness with Technology***”.

We are staffed by six Board Certified Obstetricians/Gynecologists, three Certified Nurse Midwives, and a Certified Family Nurse Practitioner. While each of our providers strives to be available to their patients as needed, please be aware there may be times when you will need to see or be delivered by one of our other providers. All of our exam rooms are equipped with a state of the art ultrasound machine to ensure the highest quality of care. We encourage you to look at our website, [www.colwc.com](http://www.colwc.com), for additional clinic and health information. We recommend looking through the Stages of Development section under the Obstetrics link.

While waiting for your appointment, you may enjoy reading, surfing the Internet, or watching television. For your convenience, our clinic offers extended evening hours Monday through Thursday. Due to the nature of our practice, there can be daily situations that require schedule changes and/or a delay in your appointment time. Because our providers can be called out for a delivery at a moment’s notice, please be prepared for a wait.

**\*Please fill out the enclosed forms in either blue or black ink and bring them to your appointment along with your insurance card(s), a picture ID, and your insurance copy. Also please write down the name, strength, and dosage of all medications you are taking and bring this list in with you. This will help with the registration and check-in process. In order to ensure accurate records, we require paperwork to be updated at least twice a year for all of our patients. Please arrive 15 minutes early for your appointment.**

**Your appointment is on \_\_\_\_\_ at \_\_\_\_\_ am/pm with \_\_\_\_\_.**
